

Christmas Camp

Directions:

Take the Queen Creek Road Exit off of interstate I-10 and go west (The road curves and turns into Maricopa Rte 347).

Turn west off of the Maricopa Road (Rte 347), on to Rte 238. (at 3rd stoplight in Maricopa, at Walgreens)

Taking Rte 238, drive west until you see mile marker 26.

About 150 yards past mile marker 26, turn right onto a dirt road. (Close the gate after passing though).

Go north about 2 miles, at fork, go left, shortly you will see a tank with corrals, etc on the right. Follow the road to the left across from the loading chute; you will shortly come to a large sand wash. Do not cross. On the right you will see a steel pole with a steel buffalo skull on it. This is Christmas Camp, all along the wash, especially on the left, or west, side. Do not camp near the tank. Do not drive on soil that does not show obvious signs of being already driven on.
